

Here, Mr. Narberthite, What is Your Opinion About These Borough Problems?

**Our Local Council Is Facing Questions That Directly Concern
Every Resident—What Do You Know About the Coming
Increase in Your Tax Rate and Why Such
an Increase Is Necessary?**

Every resident of Narberth who can, should attend the next meeting of the Borough Council, to be held Monday evening, January 13, in the Council Room, Elm Hall, because, in the opinion of citizens familiar with borough affairs during recent years, there never has been a time when questions of greater importance to the Borough and its citizens were up before Council for discussion and decision.

The three chief questions that will have to be settled by Council are: the Borough Tax Rate for 1919, the Borough Budget for 1919, and the question of the Borough taking over the Fire Company. Each one of these questions vitally concerns each resident, particularly each property holder.

In the matter of the Tax Rate, it should be stated at the outset—although it should be pretty generally appreciated, if folks will but realize that the "cost of living" has effected "borough housekeeping" just as it has effected domestic housekeeping—that the rate for 1919 will be higher than the 1918 rate. It's all very well to sit home and "damn the Kaiser" and complain about "this" and "that" costing more to-day than it did this time last year—and all that anyone can say about the high cost of living is true, and then some—but the fact remains that the members of our Borough Council have to meet and face these "high cost of living" problems, and they must find means of raising funds to meet the increased expenses. It should be the business of every resident of our town to acquaint himself with the facts and the problems that are confronting our Councilmen, who, after all, are OUR representatives in OUR local government; and there is no better way to do this than by attending the meetings of Council.

Higher Assessments Necessary.

Valuation assessments of properties in our Borough are made every three years. This is the year for the new assessments, and recently, when Assessor Carden Warner completed his work of making the new assessment, his figures showed a total of about \$2,350,000, which was an increase of about \$92,000 over the assessment made three years ago. But when the figures were submitted to Council, that body, taking into consideration the appreciation in the value of local property during the last three years and the increased expenses which it knew the Borough would be facing during 1919, it was seen that a further increase in the assessment was absolutely necessary. So a joint meeting of Council and the School Board was called, the whole matter considered and a joint committee appointed to confer with Assessor Warner. As a result of conferences between these officials, the Assessor agreed to increase the assessments 5 per cent., which will bring the total for the Borough up to about \$2,467,500, which figure, it is declared by members of Council, will, with an increase in the Borough tax rate of 2 mills, and more probably 3 mills, provide barely enough funds to operate the Borough government during the coming year.

Tax Rate for 1919 and Why.

The School tax rate for 1919 will probably be 16 mills, which is an in-

crease of 1 mill over the 1918 rate, which, in turn was an increase of 2 mills over the 1917 rate; the increases being caused by the necessary increases in the school facilities occasioned by the marked increase in the Borough's population, and the "high cost of education," which, be it understood, has increased just the same as food, clothes and shelter.

The Borough tax rate for 1919 has been tentatively fixed at 13 mills, which is an increase of 2 mills over the 1918 and 1917 rate; and there is a strong probability that it will have to be increased another mill, making the total 14 mills. The chief reason for the increase in the Borough rate—although there are several comparatively minor reasons—is the increase in water rates charged by the Springfield Water Company for supplying the Borough with water for fire protection. Formerly the Borough paid the Water Company a flat rental of \$15 per year for each fire hydrant, which totaled about \$420 per year. Under the terms of the decision handed down recently by the Public Service Commission of the State, the Water Company is instructed to reduce its minimum charge of \$18 per year for domestic use to \$12, but it is also authorized to charge for water supplied to boroughs and townships for fire protection at the rate of \$385 per mile of water main. Under this new method of charging, Narberth's water bill for fire protection, with our 11 miles of fire water main, jumps from \$420 per year to within a few dollars of \$2,900. Moreover, the decree of the Public Service Commission makes the new rate effective as of April, 1918. It is true that the boroughs and townships affected have refused to pay the new charges made by the Water Company pending an appeal of the Public Service Commission's decree to the State Supreme Court. But if the Supreme Court decides the case in favor of the Public Service Commission's decree and against the appeal of the boroughs and townships, Narberth will find itself facing a bill of something around \$2,000 for 1918 from April to the end of December, and an additional \$2,900 for water charges during 1919, all of which will have to be provided for in the 1919 budget.

It is reported that Cheltenham and Abington, both of which have been supplied with water for fire protection by the Springfield Water Company, have announced that they will abandon the water system of fighting fires and will depend on augmented chemical fire fighting apparatus exclusively, but it is doubtful whether the chemical system will give such communities sufficient protection to insure both safety and a reasonable fire insurance rate. Some consideration has already been given to such a substitute fire protection system here in Narberth, but not a few people have expressed grave doubts as to whether chemical apparatus alone could cope adequately with our local conditions. Furthermore, the State Fire Marshall has, under a law passed by the State Legislature in 1915, considerable to say about the fire fighting equipment in boroughs and townships, and it is doubtful whether he would O. K. an "all chemical department."

Death of Henry Clark Gara

Our community was profoundly stirred on Saturday last, when the death of our beloved fellow-citizen, Henry C. Gara, was announced. Mr. Gara had only been ill about a week, and it was not generally known that pneumonia had set in. His many friends did not realize that the trouble was so serious, as he had seemed as well and as active as ever up to the time of the attack.

Mr. Gara's activities were so varied in this community, that he was probably the best known resident in Narberth. As one of the prime movers in the Civic Association, and Manager of the advertising columns of Our Town, he made many friends. In Narberth Presbyterian Church he took prominent part in every activity, and to the Y. M. C. A. he was ever ready to give his time and best thought. In every patriotic movement during the war his work was invaluable. He thoroughly systematized every campaign for raising money, attending personally to the last detail, so that the work for the actual canvassers was much simplified. It was largely owing to his thorough and systematic work that Narberth always has made such a good showing in all of our patriotic campaigns.

The esteem for and love of Mr. Gara were evidenced at the funeral, which took place on Tuesday last, December 31st. A very large number of his friends, representing every activity in the Borough, attended. Very many also came from Philadelphia to pay the last tribute of love and friendship.

The services were conducted by Rev. H. Alford Boggs, of the Princeton Presbyterian Church, Philadelphia, and Rev. John Van Ness, of the Narberth Presbyterian Church. Among others present from the Princeton Church were John E. Stevenson, Clerk of the Session, and Elder M. S. Collingwood, J. R. Collingwood, E. M. Shannon and W. H. Burnett. The interment, which was private, was in West Laurel Hill Cemetery.

THE FIRESIDE

Local merchants report a big Christmas business.

There were many family reunions around the Christmas dinner table.

Quite a number of Main Line soldiers and sailors are home for the holidays.

There are some pretty Christmas trees in this vicinity.

Tennis players, attention! Big celebration at Elm Hall, Saturday evening, January 11.

Dancing will follow the play to be given in the High School Auditorium on January 4th.

Don't forget the little Thank Box. It will demonstrate how thankful we are for what the boys have done.

The Christmas services in the local churches were well attended and the special musical programs were excellently rendered.

(Continued on Page 4.)

Meeting of the Civic Association

A regular meeting of the Narberth Civic Association will be held on Thursday Evening, January 9th, at 8.30 o'clock, at the Y. M. C. A.

At this meeting reports of all committees will be called for; two new Directors will be elected and other work outlined for the new year.

The past year has been one filled with so much work along the war activity lines that many of us have found little or no time for Civic Improvement work. There is much that our Association can accomplish and we want to get started early.

The Membership Campaign will be in full swing soon, so let every one interested be at the meeting.

Next Saturday Evening's the Time For the Big Tennis Dinner, Surprise and Dance

**Plans Are Complete for the Borough's Most Interesting Affair.
For Members of the Association and Their Guests.**

Are you a member of the Narberth Tennis Association? You are, then we would have a word with you.

Have you sent your acceptance to A. J. Newell, the Treasurer of the Victory Dinner and Dance, Awarding of Prizes and Big Surprise, to be held next Saturday evening, January 11, at Elm Hall? If you haven't, attend to it immediately; don't delay a day.

If you stay away from that affair you'll regret it for—well, we won't say just how long, because we don't want to make you feel too bad so early in the New Year. But you'll regret it for a long, long time.

Confidentially, there never has been an affair like it. The Committee in charge, headed by Bob Pattison—and you know Bob—guarantees that you'll have a good time from start to finish. You'll enjoy the dinner—which, by the way, starts at 7 o'clock; you'll be rather surprised the way it will be served, but you'll enjoy it more than any dinner you have had in a long time. You'll be interested in the presentation of the prizes won in the Labor Day Tournaments, and you'll certainly be

surprised at what's coming after the awarding of the prizes. By the way, if the doctor says you shouldn't laugh inordinately, have yourself in good control. Maybe you'd better stay away; but no, that would never do. If you must suffer from over-laughing, you'll just have to rest up for two or three nights before the affair, and come prepared to do your best and stand the strain even if it lays you up for a couple of days.

And then, as a wind up, there will be a dance. Excellent music, and, we assure you, the most charming partners, the same pleasure awaiting the ladies, as the men!

Remember, next Saturday evening, January 11, beginning at 7 o'clock, Victory Dinner and Dance, at Elm Hall. Send acceptances to A. J. Newell, the Treasurer, and send them to Mr. Newell right away if you haven't thought to do so up to the time you read this.

Members of the Association are welcome to bring guests for the whole affair. Informal dress will be the order of the evening.

EDITORIAL

It is with sorrowful hearts that we record this week the passing of our beloved friend and associate, Henry Clark Gara. We share with his family the sense of a great and irreparable loss, for his place in our community life cannot be filled. We can add but little to the tribute paid to him by his former pastor, Mr. Van Ness. As he so justly says, "Nothing that was worth while seemed to him to be too laborious, or to require too much time and thought."

It was not only what Mr. Gara did in every worth while cause, but the way he did it, that counted for so much. His spirit was always that of a cheerful and well-tempered optimism that was an inspiration and an example to all associated with him in patriotic and public welfare work. His tireless industry put to shame many a younger man who complained of "having too much to do."

As we think in sadness of the warm-hearted friend whose cordial greeting and genial smile we shall know no more, let us resolve to carry on every good cause to the successful issue that was his goal and ideal. In no better way can we pay a tribute to his memory, nor show greater appreciation of his life work.

The recent bombing outrages in Philadelphia have in a most startling way called attention to the dangerous and insidious underworld forces that are attempting to destroy our institutions and bring on a red reign of terror. There are doubtless many well meaning citizens who favor changes in our social and industrial system, some of which are included in the program of Socialism. Unfortunately for them, there are other citizens, of very different character, who are loosely included in the terms "Socialists," but who in reality are anarchists, or individualists who are opposed to any system of law. This group acts like a magnet to all the idle and imprudent, and to many of the criminal classes, who under the folds of the red flag seek to prey and plunder. It attracts the half-educated theo-

rists who can only see in thrift, industry and success, evidences of a desire to enslave the masses.

Of all countries in the world, America is the last to merit the attention of these lawless and destructive elements. There is always an opportunity for every decent, self-respecting citizen to succeed. Almost without exception, our wealthy class is made up of those who began life in the most humble circumstances. Faithfulness in work, self-denial sufficient to set aside each year a little for the future, has been the foundation of most of our great fortunes. These opportunities are open to all. The man who "knocks" his employer, keeps his eye ever on the clock, and in the evening spends his time listening to the harangues of half-baked theorists, will never get anywhere.

A REPLY TO THE CUB.

The Cub says that the kettle is up to its neck in hot water. Allow a school boy to correct him. The water is in the kettle.

WISE-EYE.

XMAS AT THE POST OFFICE.

To the Editor of Our Town:

Naturally there was some anxiety as to how the heavy Xmas business could be handled in the new quarters—whether we had large enough space and properly arranged to handle the great volume of mail matter. We now know the quarters are satisfactory in that respect, for while the quantity of mail was as great as usual at Xmas time, it was handled by the capable corps of helpers so quickly that no congestion or delay whatever occurred. Furthermore, we know that our quarters are so arranged now that if required to do so we could handle with equal dispatch a very much larger quantity of mail than that received and dispatched during the present Xmas season.

Narberth Goes Over the Top on Sale of War Saving Stamps During 1918

Narberth has made an enviable record in the sale of Thrift and War Savings Stamps. Our town's quota for 1918, based on a population of 3,000, and a sale of \$20.00 worth of stamps for each person, was \$60,000. This basis was worked out by the National Committee in charge of the War Savings Stamps Campaign.

But on New Year's Day, when Postmaster Haws totaled up the year's sales, he found that they amounted to \$61,824. This achievement is, of course, due to the efforts of all the citizens in general, but particularly to the efforts of the Boy Scouts, the various women's organizations, etc.

The fact that Narberth went so "comfortably" over the top is particularly gratifying when it is considered that, so far as recent reports from various parts of the country would seem to indicate, a great many communities did not reach their quotas.

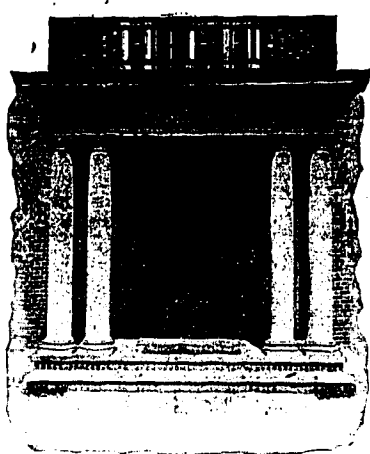

Postmaster Haws has the new Thrift and War Savings Stamps for 1919 ready for sale and they may be had from him or from the Boy Scouts or any of the other organizations that have been selling them.

WHO LIKES TO DANCE?

No do? I knew it. Well, then buy a ticket (or so) from any Sophomore and come and see "The Oxford Affair" in the High School Auditorium this evening at 8.15. When it's over you can dance until you quit. There'll be a good orchestra there. The tickets for the play are 25 cents apiece, and remember it's for a good cause.

Happy New Year to you.

Time—Saturday evening, January 11.
Place—Elm Hall. Occasion—big Tennis Association celebration.

Y. M. C. A. NOTES

WHAT ARE YOU GOING TO DO WITH THAT GIFT MONEY?

Many of us receive money for Christmas and then either have a hard time deciding what to buy or go to the other extreme and spend it foolishly on trifles here and there and in a short time forget we ever had it.

What would be better to do with that gift money than to use it for the payment of Y. M. C. A. dues? That will make your gift last one full year and give you dividends each week as you take part in the scheduled activities in gymnasium, etc.

If you are now a member, pay up your dues now and you will not be caught later without that ready cash.

If you are not a member, no better opportunity will offer itself than to join immediately. Investigate rates at the office.

HAVE YOU RENEWED

your membership? Four men have done so before the renewal notices have gone out. Don't wait for your notice. Renew voluntarily and encourage the officials of the Association. The membership total on December 31st was 312, which is a gain of 7 for the month.

OUR REPRESENTATIVES ON THE RECEPTION AND MEMORIAL COMMITTEE

are Mr. Clarence L. Metzgar, a member of the Board of Directors, and Mr. Henry M. R. Bowen, our General Secretary. These representatives are appointed at the invitation of the Home Guard Committee to every organization in town to name two members of the committee.

Our Association is willing to aid this fine project to honor our boys in the service in every way possible.

OPEN HOUSE GYM CLASSES HELPFUL TO MANY.

Due to the untiring work of Physical Director Emmett, an average of 20 boys had a full hour and a half gym period each day between Christmas and New Year's Day, and learned a number of stunts for an exhibition on January 1st.

Unfavorable weather prevented a very large turnout of spectators, but the boys enjoyed their own exhibition, spectators or no spectators. It might be stated here, however, that a few more interested spectators would greatly encourage not only the boys but their instructor. Watch for the next exhibition for the public and make it a point to attend. Especially if you have a boy in the class.

TEACHERS' SALARIES

Lower Merion Average is Next to Big City Districts.

The movement for increased salaries for school teachers has brought out the information that the Lower Merion School Board has always followed the policy of securing the best instructors and paying them a fair salary.

The 100 Lower Merion teachers this year will average in salary per month \$105.95, based on a ten (10) months' term. The 85 grade teachers in the various schools average this year \$96.30, so it does not look as though Lower Merion was underpaying so much. As a matter of fact, Lower Merion pays its teachers better salaries than any other district in Pennsylvania, outside of Philadelphia and Pittsburgh.

Wednesday evening from 8 to 9
o'clock; song and prayer service led by
the pastor.

Church Notes.

Mr. Keith Cherry, from Gloucester,
surely proved his right to the title Fun
Doctor last Friday evening. His enter-
tainment was clean, helpful and inspir-
ing and left every face wreathed in
smiles.

The Young People furnished the slides
illustrating the work of the Red Cross
in the war, that were shown last Sun-
day evening. The B. Y. P. U. now num-
bers more than 60 members and nearly
all are present each meeting. Four new
members were received last Sunday.

Sunday evening, January 12th, Rev.
C. A. McAlpine, of this church, who
has lived for some time in California
and has traveled extensively on the
Pacific Coast, will speak of that great
country in reference to the wonderful
missionary possibilities there. The ad-
dress will be illustrated by lantern
slides.

To all who mourn and need comfort,
to all who are tired and need rest, to
all who are friendless and want friend-
ship, to all who sin and need a Saviour,
and to whosoever will, this church opens
wide her doors and says, "Come and
you will be welcome." The pastor
cheerfully offers any service he may be
able to render to anyone regardless of
church or creed, and will esteem it a
great favor to be informed of any
needing help of any kind.

THE PRESBYTERIAN CHURCH.

Rev. John Van Ness, Minister.

Meetings for next Sunday:

9.30 A. M.—Men's Bible Class. Dr.
H. A. Banks, leader.

10 A. M.—Sunday School. All grades.

mon by the Pastor, introducing "The
New Era Movement." Sermon theme,
"The Open Door."

7 P. M.—Christian Endeavor meeting.
Senior and Junior Sections.

7.45 P. M.—Evening worship. Sermon
theme, "Under Sealed Orders."

Church Notes.

Mrs. T. O. Lane will preside at the
organ at both meetings to-morrow.

On January 12 the Sacrament of the
Lord's Supper will be celebrated in this
church, and there will be a public re-
ception of new members. The usual pre-
paratory service will be held next Wed-
nesday evening.

METHODIST EPISCOPAL CHURCH.

"The Little Church on the Hill."

Rev. F. M. Gray, Pastor.

Sunday, January 5th, 1919, the first
Sunday of this New Year:

9.45 A. M.—Sunday School. Classes

for all ages. Men's Class taught by the
Hon. P. W. Stites. Women's Class
taught by Mrs. McCracken.

11 A. M.—Sermon by the Pastor.

3 P. M.—Children's Church. Vested
Children's Choir in charge of Mrs. Jos.
F. Barclay. The Pastor will give an
object talk.

7 P. M.—Epworth League.

7.45 P. M.—The Pastor will begin a
series of sermons on "Representative
Men of the Bible." Men who stand
like giants in their day and have a
message for the twentieth century. The
subjects treated for the four Sunday
evenings in January are: Adam, Abel,
Enoch, and Noah. Special music by the
choir.

Wednesday, 8 P. M.—Prayer meeting.
The Pastor will begin a series of talks
on one of the most helpful books which
has been lately written. It is used by
Bible Classes at the University of Penn-
sylvania. The Pastor teaches one of
these each Tuesday evening from 7 to
7.30 P. M. The book is "The Manhood
of the Master," by Harry E. Fosdick.
All are welcome.

Last Sunday evening our Senior
Choir, with the assistance of several
soloists and the able management of
Miss Ruth Prescott and leadership of
Prof. Niece and Mr. L. W. Nickerson, or-
ganist, rendered a wonderful cantata
which was a great inspiration to the
crowded church.

Last Monday evening our Sunday
School gave a wonderful and specta-
cular Christmas cantata called "Santa's
Substitute," under the management of
Mrs. Jos. F. Barclay and Mrs. C. L.
Smith. The church was crowded and
everybody was delighted.

The decorations of the church were
beautiful and were due to the generos-
ity and skill of Miss Miriam Ward and
Mrs. George W. Fraley.

Dr. Harrieth Hartley will speak
at the Women's Community
Club Tuesday, January
7th, 3 P. M.

All members' attention is called to
the vastly interesting subject to be ably
discussed at the club's next meeting on
Tuesday, January 7th, by Dr. Harriet
Hartley, clinical professor of surgery
of the Women's Hospital and Chief of
Division of Child Hygiene, Bureau of
Health and Charities. The subject,
"Prevention of Cancer," should prove
of great interest to all women, as they
are more often the victims of this ma-
lignant disease, and the knowledge of
its possible prevention should be in-
valuable to all.

Please bring your friends and come
promptly.

Have you sent your acceptance to the
Tennis Dinner and Dance, to Mr. A. J.
Newell, the Treasurer? If you're a mem-
ber of the Tennis Association you'll be
a sorry person if you don't attend.

The Post Office Did A Big Job At Christmas and They Did It Well

If you had worked in our Narberth
Post Office during the Christmas rush
you would have realized, if you had had
any doubts about it before, that the
war was over, and that Christmas had
been resumed in its old-fashioned way.

There never has been more sending
or receiving of mail, particularly par-
cels, than this Christmas.

Between December 21 and 25 more
than 200 bags of mail were received at
the local Post Office and more than 150
bags were sent out of Narberth. One is
tempted to add that this would seem
to indicate that we Narberth folks
didn't believe that "it is more blessed
to give than to receive," but maybe our
motto is that "good goods come in
small packages."

Anyway, the mail at Christmas was
handled with less confusion and more
satisfaction than ever before, and too
much praise cannot be given Post-
master Haws and his staff of assistants,
including Miss Mabel Armour and Jack
M. Haws, and the special Christmas
workers, including Miss Agnes Rose,
Miss Mary Gara, Miss Alice Jenkins,
George Rose and Ralph Beatty.

THE FIRESIDE

(Continued from Page 1.)

Mrs. J. F. Donnelly and children have been spending the Christmas holidays with relatives and friends in Baltimore.

January 15, 1919, is the day set for the collection of the Thank Boxes. Our boys did their part, let us show our appreciation in a substantial way.

Don't forget to send your name in as a member of the Civic Association. Voting member \$1.00, sustaining member \$5.00. Cheap at twice the amount.

Shades of New Year's Day last year! On Wednesday, this New Year's Day, one of the residents of Woodside avenue, picked several pansies that were blooming in her garden.

Be on hand to enjoy the big surprise, tennis players, at the Victory Dinner and Dance of the Narberth Tennis Association at Elm Hall, Saturday evening, January 11.

"The Oxford Affair" is an exceedingly amusing play and you will feel well repaid if you go to the High School Auditorium on January 4th at 8.15 P. M. This is a Junior Red Cross Benefit, given by Sophomores, N. H. S.

The play to be given by Sophomores on January 4th will be preceded by a short talk on Junior Red Cross work by Mrs. J. A. Mather, Jr., Director of the Bureau of Production of Camden County, American Red Cross.

Nothing like it has ever been given in Narberth! The Victory Dinner and Dance, to be given by the Narberth Tennis Association for its members and their invited guests, next Saturday evening, January 11, at Elm Hall.

It seems kind o' mean to take advantage of a sick man, but we are very glad to give a little publicity to the fact that Editor Harry Jacobs, who has been ill, is convalescing, and will soon be able to walk over his farm and size up the condition of his winter wheat.

Mrs. W. Elmer Titus, of Essex avenue, entertained Friday at luncheon followed by cards, Mrs. H. C. Kauffman, Mrs. L. Knowlan, Mrs. R. Rapp, Mrs. E. Mithener, of Collingswood, N. J.; Mrs. Victor C. Abel, Narberth, and Miss Eleanor Rogers, Camden, N. J.

"The Oxford Affair" is going to be the best showing of home talent this town has ever seen. Don't make any other engagements for the evening of January 4th. Remember, the proceeds are for a good cause, the Junior Red Cross.

If you have not yet bought your tickets for "The Oxford Affair" you had better hurry up and get them. The Sophomores have them, but if you don't happen to be able to find a Sophomore, come anyway. You can pay at the door. The doorkeeper will only charge you 25 cents apiece.

First Citizen: "Come around to the house next Saturday night, and we'll have a game of cards."

Second Citizen (who is a member of the Narberth Tennis Association): "Not on your life—if you'll pardon the expression. I'm going to the Victory Dinner and Dance at Elm Hall."

The funniest part of it is that Bill Kirkpatrick is a member of the General Committee in charge of the Tennis Dinner and Dance next Saturday evening in Elm Hall, and yet he doesn't know what the big surprise is. Neither does any other member, even those who are on the General Committee, except those who are planning the affair.

President Nash, of the Civic Association, writes: "A great deal of credit is due Mrs. Harry A. Jacobs for her good work in getting out the town paper on time. We are all sorry to hear

that our Editor is sick and hope it will be but a short time before he is back in the traces. In the meantime every one is urged to send in news items so that the work of our Editress and the Associate Editors can be made as light as possible."

Made famous in this country and England by the acting of Sir J. Forbes-Robertson, "Passing of the Third Floor Back," Jerome K. Jerome's stage play has been put into picture form and will be shown at the Palace, Ardmore, on Wednesday. Sir Johnson plays his original part of the Stranger, and the same gentle dignity which was so winning in the spoken play is brought out equally as well on the screen.

We are very glad to record the big improvement in front of the Post Office—the approach from the street to the sidewalk, which overcomes the deep gutter which promised all kinds of difficulties when the town, and particularly the gutters, are "buried" under seven or eight inches of snow or slush this winter. The approach was installed as the result of the co-operation between Postmaster Hays, Council and Street Commissioner Humphreys.

The Main Line Forum opens its meetings for the season on Sunday afternoon, January 5, 1919, at 3.30 in the Woman's Club and Library Building, Ardmore, Pa. The speaker is Dr. A. R. Hatton, Professor of Political Science, Western Reserve University, Cleveland, Ohio. Dr. Patton is also Field Secretary of the National Short Ballot Organization. The subject, "Shall Pennsylvania Have a New State Constitution?" Everybody come to hear the discussion of this timely subject.

OVER 9,000 MEMBERS.

Red Cross Roll Call Well Answered on Main Line.

The Christmas roll call of the Main Line district of the American Red Cross has been answered by more than 9,000 residents of this district.

To be exact, there were 9,103 members enrolled up until last Tuesday morning, but the final reports were not completed until later.

Mrs. Alexander Brown, chairman of the membership campaign, and the members of the committee in charge of the work desire to thank all those who helped them to make the roll call such a big success in the Main Line district.

Here, Mr. Narberthite, What Is Your Opinion About These Borough Problems?

(Continued from Page 1.)

High Cost of Borough "Housekeeping."

As to the expenses of the Borough government, none of the costs has decreased over 1918 and many have increased. Few of us realize, for instance, that during the year just past the Borough has paid \$50 a month, or \$600 for the year, for the collection of garbage, while for 1919 there has been received only one bid, where heretofore there were several bids each year, and this one bid is for \$100 per month, or \$1,200 for the year, which is an increase of exactly ONE HUNDRED PER CENT. Labor costs and materials used in the work of caring for the Borough's streets are higher than they have ever been. During the year just past Street Commissioner Humphreys and Council, in order not to exceed the past year's budget, have been compelled to make only those street repairs which were absolutely necessary. But this enforced method of "patching" can't go on indefinitely—and none of us want it to. We are proud of our town and we want our streets to be kept in the best possible condition. When streets need rebuilding we want them rebuilt. But such work costs money—it is costing an increasing amount with each succeeding month. Council and the Street Commissioner can't take the good care of our streets that make for the good of the commun-

ity unless we, the tax payers, provide the funds.

The lighting of the Borough is another expense that increases as the town develops. Each year more lights are installed along our streets, and right now there is room for still more, but it costs money to increase the number of lights. It is the business of the electric company, you understand, to sell our Borough illumination at a profit; but it is our business to provide the necessary funds or find a way of providing cheaper light. So you see, here again Council has a nice little problem on its hands.

Still another item that must be considered during 1919 is the taking up of bonds that are coming due during the next twelve months.

Last year the Borough budget totaled about \$23,000, but this year the estimates are that it will run up to approximately \$28,000.

What About the Fire Company?

At the meeting of Council Monday evening, January 13, an ordinance will be introduced authorizing Council to take over, in behalf of the Borough, the Fire Company. Ever since Narberth has been "on the map" our fire protection has been in the hands of this private, or what might be more aptly called, this "semi-public" organization. All of us—every last one of us—has been getting the protection of the Fire Company, but a comparatively small number of us have been "paying the bill." That arrangement is unequitable and should be remedied, but here again, Council is faced by the problem of financing the proposed project. The Fire Company has offered to transfer all its property to the Borough for a consideration of \$1.00—which is merely a nominal sum to make the transaction legal; the Borough to own and operate the fire department henceforth, just as all municipal fire departments are operated. The yearly maintenance of the fire company is about \$2,000. That expense is now being borne by the voluntary membership fees contributed by a portion of the citizens. Under the proposed plan of Borough ownership and operation, that expense will be borne proportionally by all citizens, each citizen paying his share through his taxes.

For two years the Borough has been paying for the maintenance of the fire fighting apparatus, and when the Fire Company's recent offer was presented to Council it was referred to a joint committee composed of members of the Finance and Ordinance and Law Committees. On December 23 last this joint committee reported back to Council adversely on the Fire Company's offer, and recommended a substitute plan, which was that the Borough should provide funds to pay all expenses of the Fire Company, except the upkeep of the Fire House itself, which should remain in the hands of the Fire Company. The committee's recommendations were voted down by a vote of 4 to 3. Then a special committee was appointed to confer with the Fire Company, survey the whole proposition and prepare an ordinance which would cover every point and authorize the Borough to take over the Fire Company in total. This is the ordinance which will be introduced at the next meeting of Council. It is not an assured thing that the ordinance will be passed, as a two-thirds vote is necessary for such action, and it is known that there is some opposition to the projected plan. If the ordinance is passed, additional funds will be needed by the Borough.

Your Part, Citizens.

Now, neighbors and citizens, don't mistake Our Town's purpose in printing this account of our Borough's business affairs and the outlook and prospect for 1919. We hold no brief for any individual Councilman, nor do we mean to intimate that Council is nursing a grudge because it has a hard job ahead. The members of Council are all residents of our town, most of them being property owners and most of them having children attending our schools. They are giving their time and intelligence gratis to the work of solving our Borough's problems and making Narberth, so far as it lies within their power, the very best and most desirable town in which to live.

The only thing they ask—at least, the one thing they ask above everything else, is the interest and attention and co-operation of their fellow-citizens. They don't ask you to agree with everything they propose, but they do feel that you, as the citizens whom they represent, should take enough interest in their problems and what they are trying to do, with the limitations that are placed upon them, to know what is going on in our local government.

Make it your business, citizens, to talk to our Councilmen. Ask them what they're doing, how they're doing it, and why they did this and why they didn't do that? Don't be afraid to disagree with them, if you feel that way, after you know the facts in the matter; and don't be afraid to co-operate with them and support them when you approve of what they are doing. They're "regular guys," every one of them; the same Bills, Toms and Harrys that you meet in the Post Office, in church, at the railway station and ride in and out with on the 8.29 and the 5.15.

But above all things, find out what's going on in Council. Make it your business to learn what Council is trying to do and the means it has for carrying through its program.

As the Borough newspaper and as the official organ of the Civic Association, Our Town feels that it can serve no better purpose than to acquaint its readers

with our Borough's problems and the efforts that our Council is making to meet those problems in the most satisfactory manner.

The very best place in the world for us to "make the world safe for democracy"—unquestionably the very best place in which to make the start, at least—is right here in Narberth. It's all right to take an interest in the Peace Conference and to know something about the "trade routes to the Far East" and whether Mesopotamia should be under the control of Great Britain or a League of Nations, or free to govern itself, but all these things are a long way from home compared with the jump of more than \$2,000 in the Springfield Water Company's charges for water for fire protection here in Narberth, and a 100 per cent. increase in the charges of removing garbage, just to mention a few of the facts in the local case. Maybe the Water Company's charge for water is excessive and outrageous and maybe some other way ought to be found to supply communities with water so that they won't be at the mercy of such increases, but we can't find the corrective or solve the immediate problem if we wait until the tax bill comes in and then kick and complain and blame it all on Ray Jones or Carden Warner or the members of Council.

Council meets the second Monday of each month, 8 P. M., Council Room, Elm Hall. Next meeting, January 13, 1919.
